

HOPPER BARGE

Roar R

The self-propelled split hopper barge Roar R has been **purpose-built** for the transport of all types of dredged materials.

This hopper barge can therefore be offered to a wide range of projects and provide a continuous and effective service to any dredger.

The **split hopper hull** is designed for quick discharge of all different sorts of soil.

The two engine rooms are equipped with powerful CAT C18 engines fully electronically controlled and easy to maintain, securing **continuous and high productivity**.

The barge is equipped with all the **latest environmental technology**, meeting and exceeding current regulations and industry standards. Furthermore, Helge R operates solely with **biodegradable** hydraulic oils and lubricants. **RESON PDS 2000** allows for optimal and accurate operation, as well as precise load measurement.

Nordic mythology

Roar and his brother Helge were legendary kings of Denmark. Roar governed the capital, while his brother roamed the seas on his infamous Viking raids, expanding the kingdom.
