

HOPPER BARGE

Gere R

The self-propelled split hopper barge Gere R has been **purpose-built** for the transport of all types of dredged materials.

This hopper barge can therefore be offered to a wide range of projects and provide a continuous and effective service to any dredger.

The **split hopper hull** is designed for quick discharge of all different sorts of soil.

The two engine rooms are equipped with powerful Cummins engines fully electronically controlled and easy to maintain, securing **continuous and high productivity**.

The barge is equipped with all the **latest environmental technology**, meeting and exceeding current regulations and industry standards. **RESON PDS 2000** allows for optimal and accurate operation, as well as precise load measurement.

Nordic mythology

Gere and Freke are Odin's wolves who help him in war. Both names are Norse for "greedy". Whenever Odin is offered food, he will pass it on to his wolves.
